Click on the circle in the map to view further details

Exception: ○ High Severity ○ Low Severity ○ No Exceptions ● All Legend

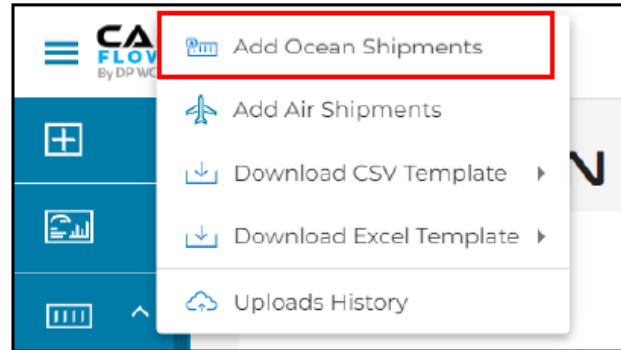

The map displays active shipments across the globe, with circles indicating the number of shipments and their severity. The legend shows: High Severity (red circle), Low Severity (orange circle), No Exceptions (green circle), and All (blue circle). The map shows 24 active shipments in total. The distribution is as follows:

Region	High Severity	Low Severity	No Exceptions	All
Europe	5	0	0	5
Africa	11	0	0	11
Asia	2	0	0	2
Oceania	1	0	0	1
South America	1	0	0	1
North America	1	0	0	1
Other	0	0	0	0
Total	19	0	0	19
