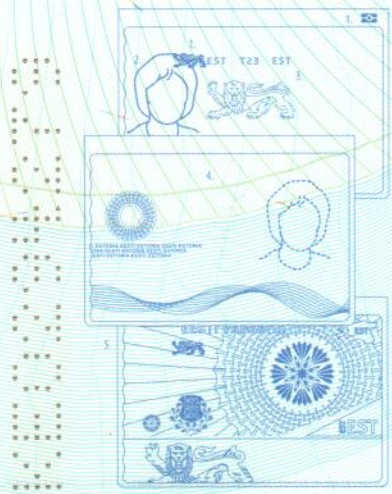
## A Guide to check the security features of the data page



1. Optically variable ink "gold to green" (lion) and "blue to green" (eDocument symbol). Optically variable ink changes colour depending upon the angle at which it is viewed.
2. Image of the document holder.
3. Watermark in multiple grey tones. Visible when held against a light source.
4. Elements in the background visible only in UV-light. After being exposed to UV-light a cornflower depiction in the area of image of the document holder and words "EESTI ESTONIA" in three parallel lines will occur in purple colour for some time in normal light. Color image of the document holder visible only in UV-light.
5. In the foil appear kinematic effects that change colour and form or appear to move when tilted at different angles. In triangle letters "EST" and background change from positive to negative when rotated 180° in its plane.
